HelpPilot AI: data processing terms (summary)

Fictional. For demo use only.

Item	Terms
Parties	Lumen Outdoor AB (customer) and HelpPilot AI Ltd (processor, acting on Lumen's instructions)
Service	AI chat assistant answering customer questions on Lumen's website, with handover to human agents
Personal data	Chat transcripts, email address and order number if the customer provides them
Data subjects	Customers and website visitors
Hosting	Ireland (EU) for the application and transcripts
AI model provider	Third-party large language model provider, inference hosted in the United States
Support access	EU-based staff only
Sub-processors	CloudHost Europe GmbH (EU); LLM provider (United States)
Sub-processor changes	30 days' written notice
Retention	Transcripts kept 12 months by default. The customer can configure a different period
Model improvement	HelpPilot may use anonymised transcripts to improve its models unless the customer opts out in the admin settings. Opt-out is off by default
Security	Encryption, access controls, SOC 2 Type II report available on request
International transfers	LLM provider in the United States. Contract refers to Standard Contractual Clauses. No copy attached
Audit rights	SOC 2 report in place of on-site audit
